DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kent Baldauf, Jr. (Reg. No. 36,082) on 8/2/06.

The application has been amended as follows: Insert "at least one" in front of "attachment mechanism" on line 13 of claim 1 and no line 15 of claim 28.

Allowable Subject Matter

2. Claims 1-21 and 23-29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

3. The following is an examiner's statement of reasons for allowance: The best prior art of record, Mills et al. (US 6,075,694), Rosecan et al. (US 5,808,871), Dubin (US 5,971,506), and Myers et al. (US 4,722,022), taken alone or in combination, fails to teach or fairly suggest a bracket element for a prefabricated distribution device

enclosure, comprising at least: at least one attachment mechanism configured to secure the bracket element to the prefabricated distribution device enclosure, including a plunger element and a grommet element configured to engage with the plunger element as set forth in claims 1, and 28; and a method for mounting the bracket element as set forth in claim 29. Claims 1-21 and 23-27 are dependent claims from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
